The purpose of this letter is to advise you of the next Traffic Advisory Committee (TAC) meeting. As previously agreed, this meeting of the TAC will be held both in the evening and in the local community. Accordingly, I have arranged for the availability of the basement meeting room in the Dolly Madison Library located at 1244 Oak Ridge Avenue, in McLean, on 23 June 1986, at 7:30 p.m. Directions are attached for your information.

Mr. John Fowler of Dewberry and Davis, on behalf of the Virginia Department of Highways and Transportation, will brief the TAC on the 60-percent design level of detailed engineering design on the Routes 123/193 Roadway Improvement Program. I have asked Mr. Fowler to generally limit his presentation to efforts and engineering issues that Dewberry and Davis has on worked since the last TAC meeting on 14 April 1986.

STAT Please advise the chair, by telephone at  of your intent to attend the 23 June 1986 TAC meeting.
